# Compulsory Basic Computer Education for All (CBCEA)

**Name of the Course : Compulsory Basic Computer Education for All (Self    Finance)**

**Nature of the Course:**        **Certificate Course**

**Duration**        **:**        **3 Years in Three Parts (Six semester)**

**Eligibility**        **:**        **10+2 Standard or an equivalent qualification**

**BROAD OBJECTIVE**

'Compulsory Basic Computer Education for All' is an ambitious Computer Course introduced by Haji Anfar Ali College in the Academic Session 2013 and initiated by the then then newly appointed Principal Dr. Mamun Azam Barbhuiya with a nominal fee of Rs.30/- per year. No education is complete in the present-day world without computer education. Therefore, the main objective of the Course is to equip the students of the college with the know-how of Computer Application so that they may stand on their own feet with the knowledge of computer in today's world.

The greater bulk of the students of this region are deprived of the advanced technological education which is deemed essential for the students of the present generation. As such, the 'Compulsory Basic Computer Education for All' launched by Haji Anfar Ali College comes a real boon the largely poor and marginalized student community of this area. Great many students of the college have established themselves with the blessing of the Diploma Certificates awarded upon the successful completion of the Course. The benefit of the course comes to the students virtually for free, except for a nominal fee to be paid at the time of Admission.

    Eligibility        :        10+2 qualification

    Issue of Certificate        : Certificates are issued Haji Anfar Ali College

## ABOUT COP :

Globalisation of education and economy has led the University Grants Commission (UGC) to reorient and reshape its policies and programmes to make the current Indian Higher Education System more relevant and career-oriented with focus on quality and excellence. It is envisaged that professionally qualified graduates with a sound knowledge of their core disciplines and expertise in a concerned skill will have more openings in service, industry and self-employment sectors. Demand and scope for such professionally trained graduates are visible in the applied fields of almost all basic/core disciplines and faculties in the current

changing global scenario and is likely to increase in the future. To meet this challenge, the UGC encourages incorporation of skill oriented and value added, add-on courses in colleges/Universities to be opted by students as a parallel sub-discipline while pursuing their degree level education.

It is in this spirit that Haji Anfar Ali College has introduced two very highly relevant UGC- sponsored career-oriented courses Communicative English and Fashion Designing for the students of the College. The objective of these courses is to enhance career-oriented skill and thus enable the students to get both self-employment and gainful employment in the job market today. At the end of each of the courses, the students will be awarded with a Certificate with the credit of an add-on orientation course along with their conventional degree. Both these courses Communicative English and Fashion Designing are being run at the college with a great deal of success already achieved.
