Report on Assam Brikshya Andolan - A Record-breaking Afforestation Initiative

Date: September 17, 2023

The Assam Brikshya Andolan, a monumental afforestation project led by Chief Minister Dr. Himanta Bishwa Sarma, marked a historic day on September 17, 2023. The ambitious goal of planting one crore (ten million) trees on this day aimed to enter the Guinness Book of World Records while addressing critical environmental concerns such as air pollution and global warming. Haji Anfar Ali College in Assam served as a pivotal location for this endeavour, where faculty, students, well-wishers, and the women's hostel boarders actively participated, contributing to the creation of a greener campus and surrounding areas.

Plantation at Haji Anfar Ali College:

- Mass Participation:** Haji Anfar Ali College witnessed enthusiastic participation from students, faculty members, and well-wishers. This collective effort exemplified the commitment of the academic community and the local populace towards environmental conservation.
- Green Campus:** The planting of a substantial number of trees within the college campus signifies a profound commitment to making the academic environment more sustainable and ecologically friendly. This green transformation not only enhances the college's aesthetic appeal but also contributes to better air quality and a healthier atmosphere.
- Women's Hostel Involvement:** The boarders of the Women's Hostel at Haji Anfar Ali College actively engaged in the plantation drive. Their participation reflects a growing awareness among young individuals about the importance of environmental conservation and their dedication to securing a better future.

Plantation Beyond Campus:

- Community Outreach:** Faculty members extended their involvement beyond the college campus by planting trees in their homes and along roadsides. This commendable initiative underscores the role of educators as community leaders, setting an example for responsible citizenship.
- Environmental Impact:** The Assam Brikshya Andolan's successful execution significantly contributes to protecting the environment. The newly planted trees will serve as carbon sinks, absorbing carbon dioxide and mitigating global warming. Moreover, they will help decrease pollution levels, thereby improving air quality in the region.

Achieving Guinness World Record: The Assam Brikshya Andolan, under the leadership of Chief Minister Dr. Himanta Bishwa Sarma, successfully achieved its ambitious goal of planting one crore trees on September 17, 2023. This remarkable feat not only marks a momentous entry into the Guinness Book of World Records but also stands as a testament to the collective determination of the people of Assam in addressing critical environmental challenges.

Conclusion: The Assam Brikshya Andolan, exemplified by the historic plantation drive at Haji Anfar Ali College and beyond, showcases the commitment of Assam's leadership, academic institutions, and citizens towards a greener, healthier future. This initiative not only sets a

Guinness World Record but also reinforces the importance of environmental stewardship, reduced pollution, and global warming mitigation. It serves as an inspiring example for other regions and nations to follow in the quest for a sustainable planet.
